DECON 2022 - SUCCESSFUL DECOMMISSIONING

International Online Conference on Nuclear Decommissioning and Waste Management

After last year's great success, this year DECON is focusing on two major challenges for the nuclear sector!

As usual with live panel discussions, expert interviews, road shows, young generation session, and much more

Digital Transformation

Innovative platforms and management systems, data exchange in seconds, AR, VR, AI & robotics, revolutionary ideas – do not risk losing out!

Staff Qualification

Also affected by the shortage of skilled workers? It's not surprising, as the number of specialists in the nuclear sector is declining sharply. Take countermeasures now!
